TEXTILE CLOTHING & FOOTWEAR
UNION OF AUSTRALIA VIC. BRANCH

**BUY LOCAL
BUY ETHICAL**

WWW.TCFVIC.ORG.AU/LOCAL

Dear Mr Bracks,

We call on you to support Victorian workers and your community by implementing an improved government procurement policy that will help grow and maintain the Victorian textile, clothing and footwear industry.

Many millions of tax payers dollars are spent on government purchasing TCF goods including material, uniforms, carpets, linen and other textiles and we think your government should give preference to Victorian manufacturers and suppliers, rather than import these goods from overseas.

These local suppliers should be "ethical" companies. By ethical we mean companies that have fair wages and conditions; allow unions the right to organize and collectively represent workers, comply with all legal requirements and have a transparent and accountable contracting chain.

Support your community Mr Bracks. Buy Local Buy Ethical.

Yours sincerely,
